R&R Wolf Construction, Inc.  
Rob Wolf and Paul Corriveau  
570 Kelley Boulevard  
North Attleboro, MA 02760

Dear Rob and Paul,

Erik and I wanted to put down on paper how appreciative we are for having selected R&R Wolf Construction, Inc. to handle the build out of our office. The two of you miraculously transformed four walls into our prideful work space. You helped create a work environment of which our New England Group family could be forever proud. Your experience is evidenced in the final product; from the dependable subs to the implementation and follow through of each phase of the construction.

From our initial meetings regarding the permitting process down to the countless meetings over the drafting and re-drafting of the final floor plan, the two of you were there. You were patient, thoughtful and creative throughout the entire process. Throughout the endless selection of materials and matching color schemes, accompanied by our changes due to budget restraints, your continued patience and guidance was needed and available, every step of the way. The dynamic the two of you have, with your independent skill-set, was complimentary. This was immediately apparent and embraced by Erik and myself because this is similar to how we interact and produce favorable results.

There is not a day that goes by that we get unsolicited compliments about the quality of workmanship within our workspace. This repeatedly confirms our decision to hire R&R Wolf Construction, Inc. and continually recommend R&R Wolf Construction, Inc. whenever admirably asked, "Who was the builder that did the work?"

Thank you for the gift of the stainless steel fridge. Thank you for checking and re-checking potential issues almost a full year after you completed the work.

Erik and I cannot recommend R&R Wolf Construction, Inc. enough and are forever grateful to both of you.

Sincerely,

Kenneth E. Olson  
Broker/Owner

Erik D. McKenzie
